To Whom It May Concern:

We are writing to request that you open an investigation into two significant related matters in Region 10. First, (b) (6), has engaged in a pattern of sexual misconduct in the Region, which management has elected to address with only minor corrective action, and has refused to protect (b) (6) victims from an ongoing hostile work environment. And Second, the disciplinary practices in Region 10, specifically as they have been implemented (b) (6), have been suspect for several years, which may constitute waste and abuse.

(b) (6)

(b) (6)

(b) (6)

(b) (6)

From an employment perspective, this appears to be obvious retaliation; from the perspective of your office, this appears to be mismanagement and misconduct at the least.

ALLEGATION: This investigation was predicated upon a complaint from (b) (6), (b) (7)(C), (b) (6), (b) (7)(C), EPA, Region 9, regarding an alleged incident of harassment of EPA employee (b) (6), (b) (7)(C) by FPS guards at Henry M.
